

PRESIDENT EBERT FAVORS A NON-PARTISAN MINISTRY

Dr. Wirth's Reappearance at the Head of a New German Cabinet is Not Regarded as Advisable From a Practical Standpoint—President Ebert Believes the New Ministry Should be Composed of Men With Industrial and Economic Training.

Berlin, Nov. 15 (By the A. P.).—Up to a late hour tonight President Ebert still was conferring with the Reichstag leaders in an effort to reach a solution of the present government crisis brought about by the resignation of Chancellor Wirth and his cabinet.

The president is reported to be strongly in favor of a non-partisan ministry, composed of men with industrial and economic training who might be recruited from the political parties or so chosen that they would be assured of sufficient parliamentary support to carry out the constructive policies demanded by the present internal situation and the reparations question.

Dr. Ebert is in informal touch with a well known public leader who is not a member of the Reichstag but who, the president believes, meets the requirements for the premiership in a cabinet composed of experts or professional men.

Neither the socialists nor the clerical party showed an inclination today to disengage the political situation. The clericals asserted that inasmuch as the radicals had needlessly precipitated the crisis a solution of the situation logically devolved on them. The socialists announced that they had no candidate for chancellor to propose, but that they were willing to let the "crisis fever" subside so that the situation might become clarified.

The non-radical press and the leaders of the middle parties continue to rail at the socialists for allegedly light-heartedly bringing about a parliamentary interval in the present stage of the reparations negotiations, although it is conceded by them that any new cabinet in which

GOULD IN "BLACK MARIA" WITH OTHER PRISONERS

New York, Nov. 15.—Thirteen assorted peddlers, vagrants, pickpockets and one rich young man, huddled together in the "Black Maria," which, strangely enough, is painted a brilliant red, and is towed over the streets from Essex Market court to the tomb today.

At the famous prison, a black attendant, while the cell door was open, the "Black Maria" was towed out of the prison and on to the tomb today.

Mr. Gould had been fined \$49 by Magistrate Cobb and sentenced to one day in jail for speeding.

After paying the fine, he was placed in the detention room adjoining the court room, waiting to be fingerprinted. This time, he was handcuffed and led to the "Black Maria."

Mr. Gould did not care for any lunch when he was taken to the tomb. He lighted his pipe and waited.

Calls for Mr. Gould, except when made by his father's lawyers, were answered with the advice to him to "keep his mouth shut" and "wait for the trial."

Telephone calls, which began to be frequent when news of the millionaire's imprisonment became known, ceased, except, despite the social prominence of the caller.

From two until four o'clock, in company with the other prisoners, Mr. Gould was permitted to stroll up and down the corridor before the cells, and at four o'clock, the end of the "court day" waiting list took him home.

PAYMENT OF \$50,000,000 RECEIVED FROM BRITAIN

Washington, Nov. 15.—Receipt of \$50,000,000 for the account of the United States government was reported today to the treasury by the Federal Reserve bank of New York.

Of the total, \$50,000,000 represents interest on the war debt of Great Britain to this country and \$10,000,000 represents interest on the debt representing the sale of silver to England during the war, which is in the process of liquidation.

There being \$61,000,000 of this account still outstanding.

A similar payment of \$50,000,000 of the war debt of Great Britain was paid to the United States government on the war debt of \$50,000,000, but the two payments are subject to adjustment, as the debt at present bears interest at 5 percent, while the debt funding act authorizes a rate of not less than 3 1/4 percent.

The payment of \$50,000,000, the treasury announced, will be used to provide in part for the \$10,000,000 of interest due and payable today on second Liberty loan bonds.

LOST HIS WIFE IN SUBWAY AT PENNSYLVANIA STATION

New York, Nov. 15.—Joseph Gallo didn't wait for his wife on the Aqueduct yesterday, as they had planned, because he had lost her, three days ago, in the subway, he said, and the Elvaston immigrant society, which, in turn, appealed to the police today.

They said their farm in South Dakota was under a mortgage to the Elvaston immigrant society. Encumbered with four big bundles containing their belongings, they descended to the subway at Pennsylvania station.

A guard said something about the bags, Gallo, not understanding, thought he was being ordered to get out of the subway. He assumed, therefore, that he was being ordered to get out of the subway and he did so, but he was not far from the entrance when he was stopped by a guard.

He said, though he has hunted the subway day and night ever since, looking for her.

HEIRESS DOROTHY GORDON NOT BEING MALTREATED

Boston, Nov. 15.—Acting Governor Alva T. Fuller, visiting the McLean hospital for the insane today and talking with Miss Dorothy Gordon, the heiress, who is an inmate, satisfied himself that the young woman was under proper authority and was not being maltreated.

Miss Gordon herself, the acting governor said in a statement made after his visit, was not being maltreated.

His official interest attracted to the case by statements at the hearing before a master of a contest over guardianship for Miss Gordon, Lieutenant Governor Fuller went to the hospital as acting governor in the absence of Governor Cox.

He gave it as his opinion that the circumstances of commitment and the treatment of the patient were as they should be.

Restraint was necessary, he indicated, because she had attempted suicide on several occasions. Superintendent Mackard of the hospital, said today that Miss Gordon was not being maltreated.

John L. Sheehan, counsel for John D. Gardner, of Baldwin, L. I., uncle of Dorothy Gordon, who is opposing the removal of her from the hospital, said today that he would call Lieutenant Governor Fuller as my witness when I have finished my cross-examination of Gardner.

Sheehan said, "If Dorothy Gordon is sane, she does not need a guardian, and a court would not appoint a guardian of a sane person 31 years of age. On the other hand, if Dorothy Gordon is not sane, as it has been claimed, anything she said to Lieutenant Governor Fuller is a statement of a non compos mentis person."

When arraigned, Mrs. MacSwiney, who is the widow of the late Lord mayor of Cork, who died in prison in 1920 after a hunger strike, and the others pleaded not guilty to the charge of violating the state law to protect foreign representatives in this country from assault or violence.

The charges resulted from their marching around the British consulate in Dublin with banners declaring the release from an Irish free state prison of Miss Mary MacSwiney, sister of the late Lord mayor, who is now herself on a hunger strike in a Dublin prison.

The case for the government was based upon the contention that the statute was aimed to prevent the "shaming or insulting of the representative in person."

The defense, represented by John P. Finerty, president of the American Association for the Recognition of the Republic, offered evidence to show that the British ambassador was not in the building at the time of the demonstration.

The afternoon was spent by Clementine in his cabin reading and writing. He received no visitors.

After the dismissal, however, Mr. Finerty and Michael Francis Doyle, of Philadelphia, who had been acting as counsel, said this phase of the matter would be dropped.

After being discharged from custody Mrs. MacSwiney expressed elation and said she had expected nothing else. She said that after a short rest in Virginia, she would return to her country, speaking in behalf of the Irish republican movement, which, she said, would continue to fight for the Irish free state is really non-existent.

Flurry In Mexican Financial Circles

When Banque Francaise De Mexique in Mexico City Failed to Open Its Doors—10,000 Depositors.

Mexico City, Nov. 15 (By the A. P.).—The failure of the Banque Francaise De Mexique to open its doors for business today, although not unexpected, was the cause of considerable flurry in financial circles, inasmuch as the institution is one of the greatest in the capital and has among its depositors some of the largest commercial houses in the republic. Large crowds gathered in front of the building necessitating the calling out of the police as a precautionary measure against possible attack.

The general explanation of the closing down of the bank was the withdrawal of funds by depositors who had become alarmed by street rumors. The depositors had made intermittent runs on the bank since last month. Three million pesos were paid out by the institution during the night, according to one of the directors.

The bank was sealed this afternoon by court order and its future now depends on judicial investigation.

According to estimates the bank has between nine and ten thousand depositors, with more than 15,000,000 pesos on deposit.

CASE AGAINST IRISH WOMEN PICKETS DISMISSED

Washington, Nov. 15.—The cases against Mrs. Muriel MacSwiney and eight other women member of the American Association of Recognition of the Republic, arrested for picketing the British embassy yesterday were dismissed after a short hearing today by U. S. Commissioner MacDonald, because the best did not "measure up to the intent of the law."

MARTIAL LAW PROCLAIMED AT JUDENBURG, SYRIA

Vienna, Nov. 15 (By the A. P.).—The Austrian government today proclaimed martial law at Judenburg, in Styria, where the military and police, reinforced by students, held the city and worked hard, while across the border, 5,000 workmen face them threateningly.

These armed workmen, angered by repeated parades of the newly organized "Hitlerwehr," began raiding the homes of the military and the organization and confiscating their arms. Several members of attacking parties were arrested, and the workmen assembled when the authorities declined to release them.

The situation is aggravated by increasing unemployment due to the closing of the factories and the coal mines or the shortening of hours of work.
